PROFESSIONAL EXPERIENCE

Executive Operations & HR Manager | Ceed Venture Studio

2024 – Present • Remote

- ✓ Manage day-to-day executive coordination for company leadership, including calendar scheduling, inbox oversight, and follow-through on time-sensitive action items.
- ✓ Draft executive and personnel correspondence — including sensitive separation documentation — with close attention to tone, discretion, and professional judgment.
- ✓ Coordinate cross-functional projects across HR and program operations, keeping multiple concurrent workstreams on track without missed deadlines.
- ✓ Built a role-aware attendance tracking system for an 11-person team in Google Sheets, automating status reporting to reduce manual oversight.
- ✓ Use AI tools daily to accelerate documentation, reporting, and process-improvement work, improving turnaround time on recurring administrative tasks.
- ✓ Run monthly payroll for up to 24 staff: built and maintain an Excel-based payroll system fed by a staff data-collection form, calculate Nigerian PAYE tax monthly via the tax authority portal, and process disbursements — including reimbursements — on a fixed monthly schedule.
- ✓ Use Zoho Books and Zoho Mail to manage payroll-adjacent administration and set up personalized company email accounts for staff.
- ✓ Draft employment documentation and sensitive HR correspondence (e.g., separation letters) with discretion and professional judgment.

Talent Administrator & Learning Program Lead | Immerse Talent Development Program, Ceed Venture Studio

2025 – Present • Remote

- ✓ Serve as the primary coordination point for a multi-track program (Product/Project Management, Software Engineering, Cloud Engineering), managing scheduling, stakeholder communication, and deadlines across the full program lifecycle.
- ✓ Own full-cycle candidate sourcing and screening: post openings on LinkedIn and the company careers portal, refine job descriptions, and move candidates through multiple stages of tests and interviews.
- ✓ Sourced, screened, and onboarded a cohort of 13 candidates, running a structured onboarding process to get each person confident and performing in their role.
- ✓ Built and maintain Google Sheets trackers for weekly updates, meetings, and project cadences across the hiring and program pipeline.
- ✓ Documented full program operations, including an OKR framework (6 objectives, 28 key results) and a digitization/automation roadmap spanning Google Forms, Sheets, Calendly, Slack, Notion, Autocrat, and [Make](#)
- ✓ Conducted one-on-one readiness assessment sessions with 13 program participants, organizing findings into structured evaluation spreadsheets to support clear, data-driven decisions.
- ✓ Built and maintained trackers in Google Sheets for weekly updates, meetings, and project cadences, keeping cross-functional deadlines visible to stakeholders.
- ✓ Produced a Participant Impact and Feedback Report, synthesizing qualitative and quantitative input into a clear, executive-ready summary.
